Proposed Replacement of Blackwood-Barnsboro Rd. Bridge (CR 603), over Mantua Creek, Deptford & Mantua Townships

The County of Gloucester will be replacing Structure 4-J-8, Blackwood Barnsboro Bridge over Mantua Creek in Deptford & Mantua Townships.

PROJECT BACKGROUND: The County of Gloucester has contracted Driscoll Construction Co. Inc., for replacement of the Blackwood-Barnsboro Bridge Structure 4-J-8. The project is being constructed in order to address the deterioration of the current bridge. The bridge has deteriorated to such a condition that complete replacement is necessary.

THE PROJECT: This project will consist of the replacement of the concrete bridge along Blackwood-Barnsboro Road over Mantua Creek with a single-span steel stringer bridge with a concrete deck. The bridge demolition and replacement shall be done in three (3) stages while maintaining traffic along Barnsboro-Blackwood Road, County Route 603. The project includes the installation of inlets and drainage piping along the approaches, repaving of the HMA approach roadways, installation of guide rail, installation of concrete curbing, and pavement striping. This project is 100% State Aid funded.

Utility poles will be impacted by the roadway widening which will require aerial lines to be relocated. All utility work will be performed by the respective utility companies. Utility relocation has progressed allowing construction to commence.

Residents shall have access to their driveways at all times. Driveway aprons within the project limits shall be maintained by the contractor during construction.

PROJECT STATUS: The project will begin construction on or about April 4, 2011. This project is anticipated being completed by December 2011.
